

La Francofête 2022

La Francofête is an event where students and teachers of **French** celebrate the French culture and language commemorating what is known as the *Journée Internationale de la Francophonie*. Our year 8 students participated in an online quiz organised by the French department on a national level. This year's Francofête activity was a virtual voyage into the French-speaking world starting from Malta and extending itself to other countries in Europe and beyond. Ms Doreen Farrugia, Education Officer for French, met our students and rewarded them with a certificate and a book. **Bravo les élèves et Vive le français!**

Year 8 students during the Francofête online quiz in our ICT lab at school.

Our students learned a lot while having fun!

Charmaine Tonna, teacher of French at Handaq Middle School
